STUNNING FABRICS

The design of your awning can really transform the look and feel of your outside space and so it's important to take time choosing from our stunning range of fabrics.

Choose from our stunning range of fabrics available in plain colours, block stripes and special designs, allowing you to give your awning a personal touch and create the perfect look for your home.

Our fabrics have a UV rating of at least 90% (and 99% UVB radiation), regardless of the colour so you can enjoy the sun safe in the knowledge that your Lakeland awning offers you shade and sun protection.

The fabrics are woven from 100% dyed polyacrylate fibres, which give exceptional colour fastness against strong sunlight and weather. The fabric is also impregnated, ensuring complete resistance to water, dirt, oil & grease, and algae & mould. This all simply means that for the lifetime of your awning the fabric won't fade or deteriorate.

Many more fabric designs available. Please ask to see our swatch book for the full range.

All awnings are available with a valance option.

CONVENIENT OPERATION

The Lakeland range of awnings is available with a variety of operation options. The manual option encompasses a smooth running gear box and detachable crank handle.

somfy®

The range can be fitted with an integral **Somfy tubular motor** offering the smoothest operation, available with a motor and switch or a motor and wireless transmitter for ultimate convenience. These can be individual or group control.

Somfy are acknowledged as world leaders in home automation, each motor is covered by a comprehensive five year manufacturer's warranty.

The wireless motor is available with a number of stylish handsets and works at a distance of 200m in open space and 20m through walls and reinforced concrete.

Make the most of your awning with optional **sun and wind sensors**. This enables automatic extension or retraction dependent on the weather.
